

Lloyd's Motor Club

SAVE THE DATE – ADVANCE NOTIFICATION OF CLUB EVENT

SATURDAY 15th JUNE 2019

DUNSFOLD WINGS & WHEELS

The Lloyd's Motor Club are looking to return to Dunsfold Wings & Wheels in 2019, now that this event has been given a two-year extension prior to redevelopment of the site. This event is moving from its usual August Bank holiday date to the weekend of 15th & 16th June.

Dunsfold Wings & Wheels is a combined air and vehicle display celebrating the long history of British aviation and motoring, and assisting in fund raising for a number of worthy causes. The show combines a 5 hour air show, a 2 hour motoring show, plus displays of aircraft, various motoring clubs and marques, military vehicles and stunt displays, at the site made famous most recently as being part of the BBC Top Gear test track.

Club involvement is still in the planning stage, but Club activities will be on the Saturday (15th June), and will at the very least be a repeat of the 2018 event, which was participation within the runway motoring demonstration. Not yet confirmed, but being considered in addition to this are:-

- A Club-specific runway demonstration group
- A Club car and motorcycle show display area in addition to runway demonstration participants
- Making the event a Club 'family fun day'
- Club tours to the event for participants to arrive together

Event Information & Location
